Message From Managing Director

Max Fashions EMB Limited was founded in 2022, in max fashions emb limited with the dream of serving to the embroidery sector. our company has become a breath of fresh air and a driving force for the industry with both its innovative perspective and quality policies.

First of all, I would like to thank all of my friends who we have worked together and shared the same excitement since the establishment of the company. Indeed, we have our teammates to thank who have been working with the same excitement, for the spectacular feedback we have received after our first export to abroad.

We would like to become one of the leading companies within the sector with our targeted export figures. The brands we work with are the companies that always have high quality expectations and have a significant share in the sector.

Having the highest level of customers at all times, allows us, as Version, to add more strength in our quality and innovative perspective. Thats why we do not just meet the expectations of our customers, but we are also pleased to offer solutions that can satisfy their needs.

The greatest supporters of our company up to this point have been our employees and our partners who we have proceeded and worked with.

As the Founder and MD of Max Fashions EMB Limited, I see our success target as quality at all times and also innovative perspective. I would like to express my thanks to everyone who kept sharing this passion with us.

Overview

The embroidery industry acts as a catalyst for the development of Bangladesh. The “Made in Bangladesh” tag has also brought glory for the country, making it a prestigious brand across the globe. Factors such as efficient and cost effective labor, steady development of GDP and government incentives boost in this apparel industry. It is a moment of delight to introduce Max Fashions EMB Limited, to our clients and customers as a 100% export oriented full compliance embroidery factory.

We instigated our journey in 2022 with a vision of becoming the most recognized embroidery factory of the country as well as to take the widely known reputation of Bangladesh as a global embroidery leader to a new high by offering the best blend of quality and efficiency. Day by day, we are expanding its capacity, developed a skilled management team, workforce, and integrated sophisticated technologies in order to become globally competitive. Our careful efforts to reengineer each steps of our value chain- procurement, production process & planning, workforce productivity & efficiency, technologies – and turned them into core competencies have paid off.

We have implemented a structure by reengineering its value chain to deliver high quality products in shorter lead time with flexibility in order size. Moreover, having endless efforts to ensure internationally accepted employment practice, our clients recognize us as a partner to protect their value system and images among final consumers.

Our Mission

Mission :

Our Mission is to produce and provide quality & innovative service for client, maintain stringently ethical standard in business operation also ensuring benefit to the employees, clients and the society at large.
